Message from the Patron

DR MASZLEE MALIK,
Minister of Education &
YSS Patron

"The spirit of volunteerism is really to unearth the humanity within. The more you volunteer, the more you learn about yourself. Thank you very much and congratulations to YSS and Dato' Zuraidah Atan."

- YB Dr Maszlee Malik,
YSS-ASEAN Students Volunteer Mission to Sarawak, Malaysia
2018 at Post Mission

YSS efforts are in line with the Malaysia Education Blueprint 2015-2025 (Higher Education) as the Ministry places importance in producing graduates who are holistic, entrepreneurial and balanced. YSS is a fantastic platform for capacity building. Volunteering helps to build one's character, it gives opportunities to learn new skills as well as develop a wider network. Volunteerism is certainly key for our graduates to become all-rounders.

- YB Dr Maszlee Malik,
Launching Remarks at YSS-ASEAN Students Volunteer Mission to Sarawak, Malaysia 2018

YSS is embedded in Malaysia Education Blueprint 2015-2025 (Higher Education)

The volunteer involvement is necessary in building human capital which is balanced and comprehensive in every aspect.

The establishment of YSS requires careful planning which engages the government agencies, private sectors and foreign countries in ensuring continuous programmes with the view of sharing the values of Malaysian society with global communities, while at the same time, it also emphasises on human capital and social capital among Malaysian students.

YSS also accomplishes the aim of internationalising Malaysian students by posting them abroad through the implementation of various universal volunteering programmes. With the students' participation in YSS programmes, it is hoped to produce progressive and dynamic individuals among the students and thus will be the role model to other students as well as to society. They have to be competent and highly capable in managing diverse circumstances and possess good courage when taking calculated risks.

YSS firmly believes that students must be "ethically and morally upright, spiritually grounded, compassionate and caring; appreciates sustainable development and a healthy lifestyle" to become role model as future leaders.

"YSS was established since 2012 to develop Malaysia as a students' volunteer hub and to produce global student volunteer icons and leaders. With the tagline "Winning people's hearts, mind and soul beyond borders," we at YSS are committed to capacity building, to train and conduct high impact voluntary missions domestically in places such as Sabah and Sarawak (Borneo) and internationally; with heavy concentration in ASEAN countries such as Laos and Vietnam.

We focus on capacity building for student volunteers especially in improving their adaptability level, soft skills development, leadership abilities and proactivity when doing the volunteer mission. They are also able to undergo experiential learning where they will develop valuable skills such as teamwork, leadership, project planning and time management. YSS volunteer missions provide an avenue for students to apply the knowledge and skills they have learnt to solve problems and overcome crisis.

Being different than your normal idea of volunteer work, we do not just help paint school blocks, built bridges and roads but also conduct developmental programmes or volunteer missions such as tuition, fun English lessons and sharing good hygiene practices with the locals. Promoting the concept of inclusiveness, immersion and the right volunteers for the right job, our student volunteers eat, live and breathe together with the local community while conducting their mission; thus fostering friendship, developing resilience and of course, leadership skills. Our YSS volunteer missions enable student volunteers to learn more about effective and sustainable community development. This is also in line with meeting the Global Goals.

Personally I hope that YSS will continue to be a prominent player in the international scene. YSS is currently a member of the International Association for Volunteer Effort (IAVE) and is a registered civil society under the United Nations Department of Public Information. We are also an Associate Member of the International Forum on Volunteering for Development (Forum). YSS has its YSS-ASEAN Students Volunteer Mission in Sarawak endorsed by ASEAN member states, which is an achievement which we are proud of. All of these international strategic linkages are indeed the platform for YSS to enter the international volunteer scene in a more impactful way."
